Great Success of the Duo Albek in New York City

To standing room only, Ms. Ambra and Fiona Albek captivated their audiences with their masterful skills in violin and piano. The young and attractive identical twins from Lugano, Switzerland performed two recitals on June 11 and 12, 2008. The first recital, graciously organized by the Swiss Ambassador in New York City Mr. Cristoph Bubb and his wife Regula, was attended by the most prominent Swiss-American guests.

The program covered a world-wide selection of enchanting scores including Arcangelo Corelli, Edvard Grieg, Ernst Bloch, Francis Poulenc, Manuel de Falla and Joaquin Turina. The enthusiastic audience acknowledged their virtuosity with a warm and prolonged applause, kindly reciprocated by the artists by playing encores.

The second recital, performed at the Reina Sofia Spanish Institute, was kindly organized by Board Member Mrs. Sunny Carballeira and Antonella Salvati. And again, their performance demonstrated their talent and passion, which coupled with their inherent personal beauty and joie-de-vivre, fascinated the listeners. The success of Ambra and Fiona Albek was rewarded with invitations for future performances in the Big Apple.
